

**STUDENT GOVERNMENT  
EXECUTIVE COMMITTEE MEETING  
October 30, 2018**

**Preliminary Items**

- a. Roll Call

**Auxiliary Reports**

- a. Speaker of the Student Senate
  - i. We are talking about clearing up some language, but we won't meet tomorrow night because we won't be bringing the resolution Sunday.
- b. Student Representative to the Board of Governors
- c. Faculty Advisor
- d. Staff Advisor
- e. Academic Affairs Chair
  - i. The chairs of the other standing committees for the student guide - please try to format an outline of your section by next week.
  - ii. UGC - our course repeat policy that we wanted passed!
    - 1. There is now a BS degree in PHRE
    - 2. Time slot discussion (deferred to Deanna) - they voted for a common time slot, but they changed a very important line in the resolution... in which no credits for incoming freshmen will be offered. They took out the part of discussion leaders not having classes scheduled during that time. They don't want to lose that time slot for upperclassmen that haven't taken gen eds, etc.
- f. External Affairs Chair
  - i. Kaylee got an interesting email from the teacher in charge of Student Council, and apparently, there are other things going on that she was unaware of, so it may be just Stu Gov cleaning up the street. We picked our route because we don't have an officially adopted street - behind Chall, up Normal, and back to the SUB.
  - ii. Working on the outline for the freshman guide with places for discounts for students, off the beaten path, etc. we are going to do a section of monthly events in Kirksville, and that kind of stuff too!
  - iii. Interesting - KTRM applied for money to put on a concert, but they were denied funding because they are under the Comm dept. They wouldn't give them money either. Maybe suggest getting CSI chartered.
- g. Environmental Affairs Chair
  - i. Rumors are true- we are getting a new Physical Plant director (in December)
  - ii. We have a new member of ESFAC.
    - 1. Project - reusable water bottles.
- h. Student Affairs Chair
  - i. Trunk or Treat went well! Thank you for your help, Rachel.
- i. Diversity Chair
  - i. I'm in a bit of a pickle with my committee - we haven't met in three weeks, and there are zero times that we are all available.
- j. Appropriations Committee Chair
  - i. We met today, our whole committee. Looked at three apps, the Dogspys which will come up Sunday, and two new ones.
- k. Athletic Fee Accountability Chair
- l. Environmental Sustainability Fee Accountability Chair

  - iii. Will be going with Rachel to get candy at High Top Wholesale.
  - iv. Rachel talked to Dobson and we are going to use their fire pit, so that's awesome.
  - v. Purple food day is next Friday, so that's really exciting! I will send out a doc asking for help.
  - vi. This weekend is the last football game. Saturday at noon!

  - v. At the workshop, one of our speakers was unprepared and unfortunately cut. That speaker is Dr. Harker. If someone approaches you about it, be professional. Nothing more is necessary to say than she is no longer speaking.
  - vi. Volunteers - we are looking sort of ok, but we could use a few more. We have no one working the second half of the viewing party and watching Elijah's cups during that time.
  - vii. Wear Stu Gov shirts please!
- v.** Parking Ad Hoc Committee Chair
  - i. I have a meeting with Chad on Thursday!

    - 2. They have brought in a marketing-consultant firm as well, and they are working on rebranding Truman. New logos, colors (shades), motto, and fun fact, they have changed the motto to "Pursue" this summer, so they are looking to update that. Lots of that work will not be done until next semester.
  - iv. We finally have t-shirt designs! We will be sending out a google survey. Long sleeve, waiting to hear back from the t-shirt guy on the rest.
  - v. Chester's Perfect Christmas - Stu Gov's Perfect Christmas! We will have a holiday party and it will be beautiful.
  - vi. SURVEY - we are converting it from the questions to the actual survey, which is a whole project. We are trying our darnedest to truck ahead with this mess. At this point, thank you for your collaboration, help, etc. We have tried to work with you, and have loved doing so. For the sake of logistics, we will now become the primary points on this because we need to make quick decisions in order to roll this out in good time. If you have any last-minute things, please let us know. We are going to pick up the pace. Thank you so much for being so collaborative.
