

## Funding

---

### ESFAC funding proposal

#### Background

The Sustainability office is requesting funds to either provide events for Earth Week or provide support for events for environmentally friendly groups. Earth Week is an important community event that helps shed light on environmentally friendly actions and practices that help to support protecting the earth, while bringing numerous groups on campus together during the process. The sustainability office is requesting funding for:

Tuesday: Local Foods lunch, plant give away, terrarium demonstration

Wednesday: Stream cleanup of Bear Creek, planting event for Communiversity Garden, WALLE showing

Thursday: Sustainability/climate tabling, climate change panel at Take Root

Friday: Tree planting, tabling to encourage bike usage on campus

Saturday: Festival to bring in many environmental groups and activities

#### Decision

The committee has decided to fund the full amount requested for the ESFAC slate. We felt that the proposal reflected the ballot language and thus had no problem approving the funding for the Earth Week events.

#### Breakdown of the budget being funded

- How much money are you requesting from the Environmental Sustainability Fee?
  - \$728.85
- Please give an itemized breakdown as to how this money will be spent.
- Reusable straws, 15 packs of 8 (\$3.99): \$60
