i) We are picking the commencement speaker tomorrow.

(1) 14 people applied.

- g) Diversity Committee

i) Bias Reporting Group Discussion:

(1) Seeking to create a team of students and faculty members to handle bias incidents that are reported through a case-by-case mediation process.

(2) Discussion:

(a) German: How would we be advertising this team to the students?

(i) Dr. Millot: Ultimately I think we just roll it out. Faculty also needs to be made aware as well. Once they finish the website, we should be able to do a lot more.

(ii) Montúfar: We need to refine the form so the Student Government can advertise this. Also Brad or Dr. Millot can have speaking time during Freshman Orientation.

(b) Alexander: I'm confused about the process and who is talking to who.

(i) Dr. Millot: This is not a full investigation but rather to stop the behavior. We would be talking to those conducting the offense, whether it be student or faculty.

(c) Rollings: What does it look like structurally for both parties involved? Will this inspire growth or make people feel persecuted?

(i) Brad: I see this as an opportunity for conversation. Sometimes it can be difficult to call out these parties, so I feel like this gives the opportunity to have a formal conversation.

(d) Schmidt: Dr. Millot mentioned other schools and what they have done, is this something universities like us have started to do?

(i) Dr. Millot: There are institutions our size and larger that are doing this. It's not full-scale across the country.

(e) Schmidt: What is the process moving forward after this meeting?

(i) Dr. Millot: We intended to have a conversation with a group but COVID-19 became a problem. Next is the Faculty Senate we need to talk to.

- h) Environmental Affairs Committee

i) Working on the end of the year report.

- i) External Affairs Committee
