

**Truman State University Student Government
Thirteenth Session of the 2021-2022 Executive Committee
January 19, 2022**

Convened: 7:02 p.m.

1) Preliminary Items

a) Roll call

2) Auxiliary Reports

a) Speaker of the Student Senate

b) Academic Affairs Committee Chair

i) Purinton: The room for Academic Accolades is scheduled for April 28th. I can try and work that in before the transitional meeting.

(1) Montúfar: We have a few programmatic things that are pushing the date, so maybe check to try and see if it can be moved, but if not then the next administration will just have to appoint you quickly.

c) Diversity and Inclusion Committee Chair

i) Montúfar:

(1) The Resource Center is being furnished and we're having a meeting tomorrow. One of the big tasks is creating an organizational structure for the Center and there is a lot of work to be done to figure out who should be represented on the advisory board.

(2) I got in contact with an organization called Show Me Condoms and it's a Missouri-based organization that I will be meeting with next week to see if we can get a constant stream of supplies for the Center.

(3) We also want to have a reception with snacks and a formal opening. You can still go in the space now, and I would recommend peeking in, but we want to do something formal!

(4) Kennedy interviewed with The Index last Friday, so I think they'll be doing an update on that soon.

(a) Cooper: It should be in the paper tomorrow!

d) Environmental Affairs Committee Chair

i) Sprehe: I am handing out the menstrual cups tomorrow and Friday from the StuGov office, so that is fun.

ii) Reynolds: Can people pick up menstrual cups for others?

(a) Sprehe: Yes.

iii) Sprehe: My DVD still isn't in for *The True Cost*, so what is the process for canceling that and getting a new room so we can move it to February?

(1) Montúfar: It's the same as the usual process.

(2) Kershaw: I would get a new one before you cancel.

e) External Affairs Committee Chair

i) Owsley: They just released the bipartisan house maps, and they put Kirksville in one part instead of two, so I'm going to be really working hard on getting people registered on campus.

ii) Sprehe: Are you still using the QR codes?

(1) Owsley: Yes.

iii) Sprehe: I don't want to waste paper, but I'm worried that people won't follow the QR codes.

(1) Owsley: I think that's a great point, and I don't think we could implement paper copies this week, but I would love to try that in the future. Please direct everyone you know to register to vote on campus!

f) Health, Wellness, and Safety Committee Co-chairs

i) Kershaw: Health, Wellness, & Safety is looking for a new Co-Chair so if there is any interest then please let Tori know.

g) Purple Friday Committee Chair

h) Student Affairs Committee Representative:

i) Legislative Director

j) IT Director

3) Executive Reports

a) Treasurer

b) Secretary

c) President and Vice President

i) Montúfar:

(1) We want you guys to provide us with a timeline for this semester by next week since elections will sneak up on us. It can include things like the first committee meeting or some event. There is definitely the opportunity to pass resolutions as well. I would say try to have about 10 items on there. Put them in the ExComm slack when you get a chance, and meet with your committees by the end of the month if you haven't already.

ii) Kershaw: On Saturday, February 5th, Shania and I will be presenting at the Board of Governors meeting. So, we are asking you all to give us some information to share! We were advised by Dr. Thomas to "tell a story" and make it more personal with students because apparently, the Board likes that.

- (1) Sprehe: We've created a community that is better at working together, and I think we're getting a lot of things accomplished now that we're coming out of COVID.
- (2) Montúfar: I think we could talk about how we jumped into last semester with support for the vaccination mandate.
- (3) Montúfar: Do you have a feel for the Board of Governors, Ethan?
 - (a) Kershaw: I only really know one of them, and they were nice, but they will be changing leadership in the meeting we attend.
- (4) Montúfar: Maybe we could make a sheet that documents highlights from all of your committees, and then Ethan and I could pick a couple from that sheet to pull into a story and connect. You also don't have to write our speech for us! We just wanted some ideas.
- (5) Montúfar: So, maybe send us a list of three bullets to include on that sheet.
- (6) Kershaw: Remember to set up a meeting with Shania and I, and send us those three things that you want to be highlighted in the meeting.

Adjourned: 7:28 p.m.
