After that, we will go over committee assignments where you guys will go over what your committee entails. Some people still have yet to fill out the form that is on the body which is why you haven't gotten assignments yet. We will have a Kahoot! after that. There will be an hour break where you can change into nicer clothes for pictures. Then we will have pictures where you're required to dress business professional. After pictures, we will have a general body meeting which will include people swearing in.
